## School Accountability Report Card

### Reported Using Data from the 2016-17 School Year

#### Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2017-18)**

Geyserville is approximately twenty miles north of Santa Rosa, CA in northern Sonoma County. It is an old farming community set in the valley and surrounded by vineyards. Its diverse population includes founding families, vineyard owners, land managers, laborers, seasonal workers, and people employed in a wide variety of occupations in Sonoma and the surrounding counties.

#### **Mission Statement**

Geyserville New Tech Academy's goal is to guide its students through a meaningful and challenging standards-based curriculum. As a result, each graduate will become a lifelong learner, capable of developing and planning a course of action; and have the perseverance and competency to succeed. We foster this vision by ensuring each learning experience embodies at least one of the following:

- **Knowledge and Thinking**  
Students reason, problem-solve, develop sound arguments or decisions, and create new ideas by using appropriate sources and applying the knowledge and skills of a discipline.
- **Agency**  
Develop Growth Mindset: Students understand that they can grow their intelligence and skills through effort, practice, and challenge. Take Ownership Over One's Learning: Students learn how to learn and monitor progress to be successful on tasks, school, and life.
- **Written communication**  
Written Communication: Students effectively communicate knowledge and thinking through writing by organizing and structuring ideas and using discipline appropriate language and conventions.
- **Oral communication**  
Oral Communication: Students communicate knowledge and thinking through effective oral presentations (Clarity, Evidence, Organization, Language Use, Use of Digital Media/Visual displays, presentation skills).
- **Collaboration**  
Students are productive member of diverse teams through strong interpersonal communication and a commitment to shared success, leadership, and initiative.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	22	43	37	48	48	48
Mathematics (grades 3-8 and 11)	9	16	27	30	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	76	75	98.68	42.67
Male	32	31	96.88	38.71
Female	44	44	100	45.45
Black or African American	--	--	--	--
Asian	--	--	--	--
Hispanic or Latino	46	46	100	34.78
White	25	25	100	60

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
Two or More Races	--	--	--	--
Socioeconomically Disadvantaged	54	53	98.15	35.85
English Learners	33	33	100	30.3
Students with Disabilities	--	--	--	--
Students Receiving Migrant Education Services	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	76	75	98.68	16

English Learners	33	33	100	6.06
Students with Disabilities	--	--	--	--
Students Receiving Migrant Education Services	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students  
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
<b>Science (grades 5, 8, and 10)</b>	71	48	71	48	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

**Career Technical Education Programs (School Year 2016-17)**

GNTA is committed to training tomorrow’s workforce and providing hands-on learning environments for students with interest in post-high school careers in culinary arts, building construction/ welding and agriculture. Programs and classes offer that are specifically focused on career preparation and/or preparation for work include the following CTE courses: Construction / Agriculture, Industrial Arts, Intro to Engineering, Culinary Arts. Our Culinary Arts program offers students a CA food handler's certificate within the first semester of a year-long course. Our Construction/ Ag program is enjoying the first year of a three year grant cycle from the Sonoma CTE Foundation. Students in Con/ag get a chance to explore areas of interest within the building trades, agriculture and related subjects as they build infrastructure for our farm garden vineyard and plan the long range goals of our farm.

These programs and classes are integrated with academic courses and support academic achievement. For example, Construction/Agriculture includes plant and soil science, as well as units on forestry, sustainable practices along with the technical skills welding, carpentry, landscaping, greenhouse work. Garden composts waste from school cafeteria. Culinary cooks with fruits and vegetables grown in garden. The Culinary class learns kitchen knife skills. Students complete a CA Food Handler certification course embedded in the Culinary course. Intro to Engineering has students learning AutoCad along with basic engineering components. Students who take a leadership role in our program have the opportunity to join Construction Corp, a conduit from construction classes in the County to real construction jobs. Students in all shop classes take on challenging group and individual projects which demonstrate their understanding of the concepts related to building engineering, design and safe tool handling. Our unique situation at GNTA makes it possible for students to take shop classes for several years and amass a serious body of work and gain a working knowledge of tools and technical skills used in the building trades and design professions. Students can build projects for the Cloverdale Citrus Fair, sell or display work on campus. To assess the student's knowledge of safety procedures, everyone enrolled in shop must take hands-on and written tests to get safety clearances for tools and equipment. Culinary students have had support from our local community with jobs in food industry. This is our first year with the Intro to Engineering course. We hope to see our students pursue higher level math courses as well as opportunities in post secondary schools. Students are able to see how academic content is applicable in the real world and can be used to further their career development.

The school addresses the needs of all students in career preparation and/or preparation for work by providing small class sizes that provides the opportunity to differentiate curriculum for ELLs as well as students with disabilities. Students constantly uses knowledge gained to create. This provides a unique learning opportunity that is appreciated by all students.

The measurable outcomes for CTE courses relate to the LCAP goal #3: Increase student engagement. The measurable outcomes related to this LCAP goal include: >93% Attendance rate, 100% Course Access, 90% graduation rate.

The primary representative of the districts CTE advisory committee and industries represented are: Outside support, Kathy Goodacre, Amber Figueroa from the Sonoma County CTE Foundation. Steve Jackson, Director of College and Career Readiness @ SCOE.

### Career Technical Education Participation (School Year 2016-17)

Measure	CTE Program Participation
Number of pupils participating in CTE	46
% of pupils completing a CTE program and earning a high school diploma	0
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	0

### Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2016–17 Pupils Enrolled in Courses Required for UC/CSU Admission	64.34
2015–16 Graduates Who Completed All Courses Required for UC/CSU Admission	33.33

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
7	5.9	35.3	41.2
9	15.4	46.2	

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2017-18)

We love having parents and community members support our students in their learning and success. The district offers many opportunities for parent involvement. Parents are encourage to participate in one or more of the following groups: School Site Council, Boosters Club, Geyserville Educational Foundation, and DELAC (District English Learner Advisory Committee). In addition, support from the Geyserville Kiwanis, Geyserville Chamber of Commerce and Geyserville Oddfellows impacts our students in extraordinary ways.

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

### Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School			District			State

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**Suspensions and Expulsions**

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17

Expulsions	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

**School Safety Plan (School Year 2017-18)**

Geyserville New Tech Academy provides for all students an exceptionally positive and safe learning environment. Students take part in keeping the grounds litter free and participate in school clean-up days. The comprehensive school plan includes an evacuation and drill manual, which is reviewed annually by all staff. Inspections by the local fire chief takes place twice a year to address code compliance and assure that the facilities are safe for students, staff and others. Emergency kits have been supplied for each classroom and office area. Evacuation and fire drills are held at a minimum of one per quarter.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

### Federal Intervention Program (School Year 2017-18)

**Types of Services Funded (Fiscal Year 2016-17)**

Geyserville New Tech Academy uses project-based learning (PBL) approach. A strong focus on self-directed learning and learner outcomes promotes trust, respect and responsibility. Working on projects as teams makes students accountable to each other and reflects what they will experience in the work environment. Education and learning should be about empowering students to reach their goals and dreams. Students must have the opportunity to apply the knowledge and skills in familiar and unfamiliar ways to continue their learning and build their confidence. PBL embodies a culture of support and empowerment. By engaging, equipping and empowering students, they acquire the knowledge, skills and attributes to be successful in college, careers and life. The Common Core and other present-day standards emphasize real-world application of knowledge and skills, and the development of success skills such as critical thinking/problem solving, collaboration, communication in a variety of media, and speaking and presentation skills. PBL is an effective way to meet these goals. Geyserville New Tech Academy also offers a study skills early intervention program for Middle school students.

## **Professional Development (Most Recent Three Years)**

---

The district has provided a wide range of professional development opportunities for teachers including 3 additional days (2 before school, 1 mid-year) to work on project based learning and the common core standards.

Every Wednesday we provide either: 1) School Business, 2) Critical Friends or 3) Adult Learning Time. The development of this time is driven by staff needs and discussed by leadership team (comprised of principal, teacher thought partner and teacher coach) and New Tech Network Coach.

Additional professional development opportunities that our staff have participated in include the following: EL Collaborative, SCOE Class offerings and Restorative Practices.

A majority of our professional development comes from New Tech Network trainings or coaching. New Tech Professional Development opportunities include: PL@NTN Convening, Virtual Workshops, Fall Leadership Summit, Spring Leadership Summit, Annual Conference,
