## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Geyserville is approximately twenty miles north of Santa Rosa, CA in northern Sonoma County. It is an old farming community set in the valley and surrounded by vineyards. Its diverse population includes founding families, vineyard owners, land managers, laborers, seasonal workers, and people employed in a wide variety of occupations in Sonoma and the surrounding counties.

### Mission Statement:

Geyserville New Tech Academy's goal is to guide its students through a meaningful and challenging standards-based curriculum. As a result, each graduate will become a lifelong learner, capable of developing and planning a course of action; and have the perseverance and competency to succeed. We foster this vision by ensuring each learning experience embodies at least one of the following:

### \*Knowledge and Thinking

Students reason, problem-solve, develop sound arguments or decisions, and create new ideas by using appropriate sources and applying the knowledge and skills of a discipline.

### \*Agency

Develop Growth Mindset: Students understand that they can grow their intelligence and skills through effort, practice, and challenge.

Take Ownership Over One's Learning: Students learn how to learn and monitor progress to be successful on tasks, school, and life.

### \*Written communication

Written Communication: Students effectively communicate knowledge and thinking through writing by organizing and structuring ideas and using discipline appropriate language and conventions.

### \*Oral communication

Oral Communication: Students communicate knowledge and thinking through effective oral presentations (Clarity, Evidence, Organization, Language Use, Use of Digital Media/Visual displays, presentation skills).

## 2022-23 School Overview

### \*Collaboration

Students are productive member of diverse teams through strong interpersonal communication and a commitment to shared success, leadership, and initiative.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### 2020-21 Teacher Preparation and Placement

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	25	N/A	27	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	10	N/A	20	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 Career Technical Education Programs

GNTA is committed to training tomorrow's workforce and providing hands-on learning environments for students with interest in post-high school careers. We offer an AG/Tech CTE course that is A-G. We also offer Robotics, A-G. Integrated Science 1 and 2 also incorporate CTE prep.

These programs and classes are integrated with academic courses and support academic achievement. For example, Construction/Agriculture includes plant and soil science, as well as units on forestry, sustainable practices along with the technical skills welding, carpentry, landscaping, greenhouse work. Garden composts waste from school cafeteria. Culinary cooks with fruits and vegetables grown in garden. The Culinary class learns kitchen knife skills. Students complete a CA Food Handler certification course embedded in the Culinary course. Students who take a leadership role in our program have the opportunity to join Construction Corp, a conduit from construction classes in the County to real construction jobs. Students in all shop classes take on challenging group and individual projects which demonstrate their understanding of the concepts related to building engineering, design and safe tool handling. Our unique situation at GNTA makes it possible for students to take shop classes for several years and amass a serious body of work and gain a working knowledge of tools and technical skills used in the building trades and design professions. Students can build projects for the Cloverdale Citrus Fair, sell or display work on campus. To assess the student's knowledge of safety procedures, everyone enrolled in shop must take hands-on and written tests to get safety clearances for tools and equipment. Culinary students have had support from our local community with jobs in food industry. . Students are able to see how academic content is applicable in the real world and can be used to further their career development.

The school addresses the needs of all students in career preparation and/or preparation for work by providing small class sizes that provides the opportunity to differentiate curriculum for ELLs as well as students with disabilities. Students constantly uses knowledge gained to create. This provides a unique learning opportunity that is appreciated by all students.

The measurable outcomes for CTE courses relate to the LCAP goal #3: Increase student engagement. The measurable outcomes related to this LCAP goal include: >93% Attendance rate, 100% Course Access, 90% graduation rate.

## 2021-22 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	29
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	

## Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

UC/CSU Course Measure	Percent
2021-22 Pupils Enrolled in Courses Required for UC/CSU Admission	100.00
2020-21 Graduates Who Completed All Courses Required for UC/CSU Admission	36.36

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

We love having parents and community members support our students in their learning and success. The district offers many opportunities for parent involvement. Parents are encourage to participate in one or more of the following: surveys, School Site Council, Boosters Club, Geyserville Educational Foundation, and DELAC (District English Learner Advisory Committee). In addition, support from the Geyserville Kiwanis, Geyserville Chamber of Commerce and Geyserville Oddfellows impacts our students in extraordinary ways.

\*\*For the 2021-2022 and 2021-2022 school year some activities were done virtually due to the pandemic.

## C. Engagement

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

## Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	2.34	1.28	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

Geyserville New Tech Academy provides for all students an exceptionally positive and safe learning environment. Students take part in keeping the grounds litter free and participate in school clean-up days. The comprehensive school plan includes an evacuation and drill manual, which is reviewed annually by all staff. Inspections by the local fire chief takes place twice a year to address code compliance and assure that the facilities are safe for students, staff and others. Emergency kits have been supplied for each classroom and office area. Evacuation and fire drills are held at a minimum of one per quarter. The Safety Plan was last updated and reviewed by the board in February 2022 (and will be reviewed and updated in February 2023) .

## 2021-22 Types of Services Funded

Geyserville New Tech Academy uses project-based learning (PBL) approach. A strong focus on self-directed learning and learner outcomes promotes trust, respect and responsibility. Working on projects as teams makes students accountable to each other and reflects what they will experience in the work environment. Education and learning should be about empowering students to reach their goals and dreams. Students must have the opportunity to apply the knowledge and skills in familiar and unfamiliar ways to continue their learning and build their confidence. PBL embodies a culture of support and empowerment. By engaging, equipping and empowering students, they acquire the knowledge, skills and attributes to be successful in college, careers and life. The Common Core and other present-day standards emphasize real-world application of knowledge and skills, and the development of success skills such as critical thinking/problem solving, collaboration, communication in a variety of media, and speaking and presentation skills. PBL is an effective way to meet these goals. Geyserville New Tech Academy also offers a study skills early intervention program for Middle school students.

## Professional Development

### 2020-2021

The district has provided a wide range of professional development opportunities for teachers including 3 full days. In addition, GNTA provides 2-3 partial days per month dedicated to staff development and continuous improvement. In total there were 20 partial days. For 2020-2021 We includes these days into the calculation based on the information from the state, while the previous years we did not include these days.

### 2021-2022

The district has provided a wide range of professional development opportunities for teachers including 4 full days. In addition, GNTA provides 2-3 partial days per month dedicated to staff development and continuous improvement. In total there were 18 partial days.

### 2022-2023

Certificated employees attended the professional development (Presented by SCOE Educational Services and the Behavioral Health Department) on Monday which included student centered training in the morning and QPR (Question-Persuade-Refer) training in the afternoon. Just like CPR, QPR is an emergency response to someone in crisis and can save lives. Staff learned the warning signs of mental distress and a potential suicide crisis. They learned to recognize someone at risk for suicide, how to intervene, and how to connect that person to appropriate resources. Sonoma County Office of Education's Behavioral Health Department will be providing suicide prevention training for students as well. Grades 11 - 12 will have training on September 27, 2022. Grades 9 - 10 will have training on October 6. A parent letter was mailed on Friday September 28 with information on the training as well as additional mental health resources.

Instructional Aides were invited to attend a training on handling difficult student behaviors. The training lasted two hours and included information on how to redirect students with challenging behaviors as well as what adults might be doing to trigger our more challenging students. The District will encourage Instructional Aides to attend additional training scheduled for future dates.

From 10am-2pm on January 3, 2023 on the New Tech Campus all district staff will meet to participate in a professional development opportunity on Universal Design for Learning with SCOE's Educational Support Services and Behavioral Health staff.

Together we review the foundations of Universal Design for Learning (UDL) and learn related strategies that not only increase student learning and academic achievement, but also increase engagement and improve school climate. There will be time for whole group learning and breakout sessions that focus on specific strategies of UDL that can be used immediately in the classroom.

Staff also have early release days on Wednesday to have site specific staff development.

This table displays the number of school days dedicated to staff development and continuous improvement.
